

2020 IMPACT REPORT

OTC Foundation

LETTER FROM THE EXECUTIVE DIRECTOR

Last year reminded us that progress cannot be stopped when a community, full of grit and empowered by passion, engages around a compelling vision. Record-breaking fundraising, the security of the largest gift in the college's 30-year history, and the adoption of a new Alumni Association engagement plan are a few of the 2020 accomplishments benefiting students today and tomorrow.

This impact report is evidence of our commitment to student success, made possible by the outstanding support of our donors. They are the dreamers. They are the believers. They are the heroes in this tremendous story. Through their dedication and investment, they have changed the narrative of what is possible at OTC. For your generosity and impact in the lives of our students, alumni, and community, we are eternally grateful. The best is yet to come.

Amy Bacon

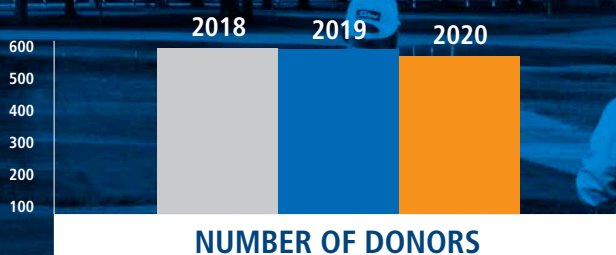

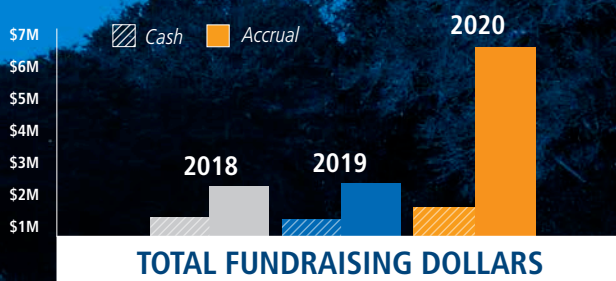

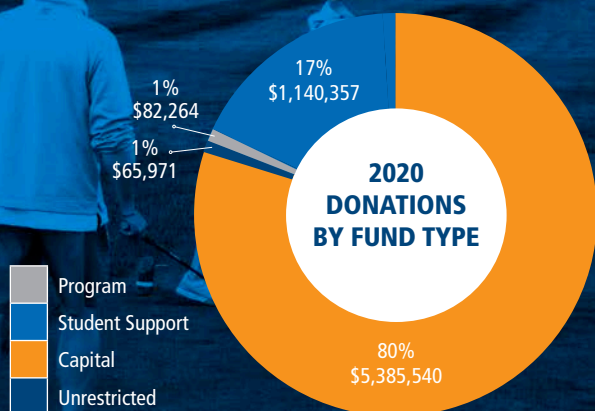

Executive Director of the OTC Foundation
